

# Individual Assignment #3

Due Monday, November 28, 2005

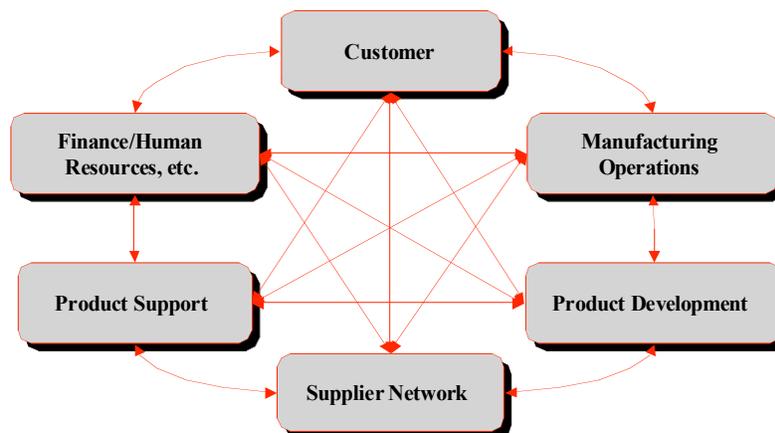

## Overview

Throughout the term we have examined different models depicting the Integrated Lean Enterprise (see the three diagrams below from earlier class presentations). The goal of this assignment is to provide your own vision of a framework for the Lean Enterprise. This assignment can be done alone or by partnering with one other individual.

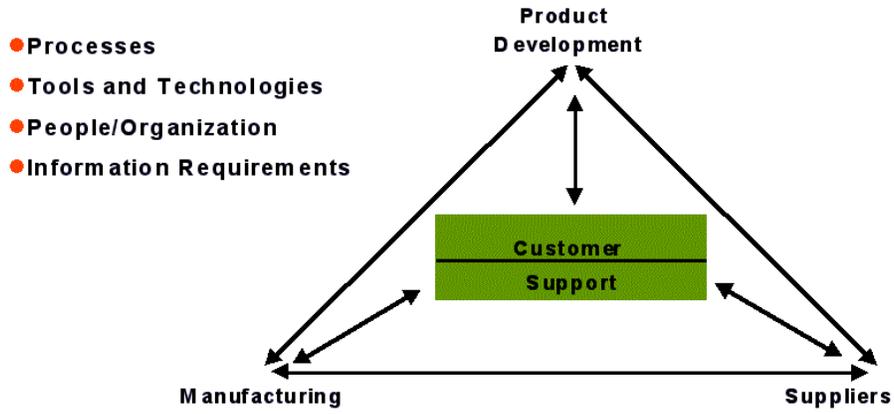

## Deliverable

Create a diagram showing how you would represent the Lean Integrated Enterprise. Be prepared to present and discuss your framework in class. There is no RIGHT answer. Be creative!

## Integrated Enterprise

# Dimensions of Enterprise Framework

# Enterprise Infrastructure
