

Assignment 4:

- 1) Over the next week, take 40 or more images that show "poetics". More information as to what that means can be found on the OCW site under "Major Assignment: Poetics", and in the Projects page by looking at last year's student work.
- 2) When you're done, pick 5-8 of your favorites and post them on your Web site or email them to me no later than 9am Monday, November 6.
- 3) Review all the photos you've taken this term, and see if there are any themes or a single theme you'd like to pursue for the final review. Feel free to email me if you have questions, and we'll discuss this in class.
