

Assignment #18

Prepare to Workshop your investigative essays/feature articles with your groups.

READ the essays by your group members:

- PRINT OUT copies and mark comments and questions in the margin.
- In addition, WRITE 2 good paragraphs of comments and suggestions for the author.
 - POST them online for the author, and
 - PRINT them out for me. (You may also print them for the author, if you like.)

What to focus on in your comments?

In class today we mostly discussed issues of clarity and organization, and those are good places to start. Also: introductions, conclusions, what will interest the audience, and what the audience needs to know that isn't included.

NOTE:

A complete draft must be posted by all class members.

LOOKING AHEAD:

If you have free time this weekend, it's a good time to start, or continue, reading your book for the Book Review assignment.
