

# Health Information Systems for Maternal Health in Zimbabwe

Freeman T. Changamire, M.D., Sc.D.

# The Problem

725 women per 100,000 die every yr

Lifetime risk 1/43

Women present late for prenatal care

69% deliveries attended by skilled provider

Quality of antenatal services poor

Photo of mother and child removed due to copyright restrictions.

# Specific Goals

Encourage women to present early

Increase access to and quality of antenatal services

Improve access to skilled attendance at delivery

# Solution

Electronic Medical Record System

Tablet PCs

Mobile Health

# Primary Health Care International

phci

# Mission to

- “...support health systems to improve access to and quality of primary care and promote community health.”

# We value ...
