11.007 Day 5 Notes: **Globalization**

GLOBALIZATION

What do we mean by economic globalization?

What, according to pro-globalization advocates, are the benefits (i.e., goals) of unfettered economic globalization, and what evidence do they cite to support their arguments?

--Go through each policy goal (equity, efficiency, liberty, security) and lay out the argument and evidence used to support it.

What, according to anti-globalization advocates, are the drawbacks of unfettered economic globalization, and what evidence do they cite to support their arguments?

--Go through each policy goal.

How do advocates reach such different conclusions when looking at the same data?
