Please specify course content and university

1. Describe your *educational interests and accomplishments*. Please list majors and minors, special academic interests, thesis topic, major accomplishments and awards, research involvement (UROP) and any other activities that added to your academic experience.
2. Describe any *professional experiences*. List planning, community organizing, governmental, financial, architectural and engineering work, construction experience, project management and any other important professional experiences. Specify time on the job, types of projects and your particular role.
3. This class will be traveling to New Orleans, LA during Spring break and it is strongly encouraged that you travel with the class. List and explain any constraints.
4. Please review the list of projects for the class and indicate your preferences. Please list projects in order of importance to you with your first choice first.
