

## Roslindale Village Main Streets Goals and Objectives

### Goals:

As RVMS celebrates its 20th anniversary and successes in revitalizing the Roslindale business district we look to:

- Strengthen & expand our services to businesses
- Strengthen & expand our resident membership program
- Investigate expanding our boundaries into other sections of Roslindale that have business entities
- Financial stability

### Objectives (in order of importance)

- Retail Mix (from both resident and business perspective)
- Demographics (we have noticed an increase in babies and toddlers which is not reflected in the 2000 census data)
- Residential density (do we have enough households to support businesses)
- Parking Issues (do we really have one?)
